PUBLIC NOTICE

KEYSTONE DAM SAFETY MODIFICATION STUDY, TULSA COUNTY, OKLAHOMA PUBLIC WORKSHOP

The U.S. Army Corps of Engineers (USACE) Tulsa District hereby informs the public of the public workshop for the Keystone Dam Safety Modification Study (DSMS), Tulsa County, Oklahoma. The public workshop will be conducted in an open house format.

The DSMS will develop and analyze alternatives, including the No Action Alternative, to reduce the dam safety risk associated with overtopping and internal erosion of the embankment, and reduce life safety risk to below Tolerable Risk Guidelines.

A public workshop will be held on Tuesday, February 12th, 2019 from 5:00 pm to 8:00 pm at the Case Community Center, 1050 W Wekiwa Road, Sand Springs, Oklahoma 74063. General information about the DSMS and its process will be available for review. There will be an opportunity to view maps, ask questions, and provide written comments about the DSMS. USACE staff will be on site to answer any questions and/or address concerns about the project.

The workshop information will be available to download at the following Tulsa District website beginning on Tuesday, February 12, 2019:

<https://www.swf.usace.army.mil/>

A 30-day public comment period begins on Tuesday, February 12, 2019. Comments may be submitted at the public workshop, mailed to Brandon Wadlington, Biologist, Environmental Branch, Regional Planning and Environmental Center at U.S. Army Corps of Engineers, 819 Taylor Street, PO Box 17300, Room 3A12, Fort Worth, Texas 76102-0300, or emailed to Keystone-DSMS@usace.army.mil.

Sincerely,

A handwritten signature in black ink, appearing to read "DMS", written over a horizontal line.

Douglas C. Sims, PMP, RPA
Chief, Environmental Branch
