

## **Model Project Partnership Agreement For Specifically Authorized Structural Flood Risk Management Projects**

**Applicability:** For a specifically authorized structural flood risk management project (formerly referred to as flood damage reduction or flood control project).

### **History:**

1. New model approved 18 January 2017
2. 14 December 2017 Update: Updated Instructions to address approval of certain amendments; clarified Options 3 through 7; and added a new Option 8 (projects with ecosystem restoration features) and a new Option 9 (projects with ecosystem restoration and recreation features).
3. 9 May 2018 Update: Updated appraisal provisions in Article V; and clarified Option 2.
4. 16 November 2018 Update: Updated to include recent ASA(CW) revisions to all new PPAs.
5. 10 March 2020 Update: Updated to provide editorial revisions and clarifications.
