22 June 2020

MEMORANDUM FOR THE COMMANDING GENERAL, U.S. ARMY CORPS OF ENGINEERS

SUBJECT: Section 219 Environmental Infrastructure Assistance Program, Model Agreements and Delegation of Approval and Execution Authority

1. This responds to a memorandum from the Director of Civil Works dated 12 June 2020, requesting approval of two model Agreements for the Section 219 of the Water Resources Development Act of 1992, as amended (Public Law 102-580), Environmental Infrastructure Assistance Program and delegation of approval and execution authority.
2. I hereby approve the model Agreements and the optional language and delegate approval of these Agreements to Headquarters, U.S. Army Corps of Engineers. The Headquarters may develop and approve variations to the model Agreements and delegate to the Division Commanders authority to approve agreements that follow the models, or Headquarters-approved variations to the models, with no substantive deviations. Finally, signature authority may be delegated to the District Commander once an agreement is approved.
3. Proposed deviations involving policy issues, unique circumstances, or controversial matters should be forwarded to Corps Headquarters for resolution. My office should be consulted in those cases where a policy has not yet been established or is unclear, or if there is uncertainty about unique or controversial issues.
4. My point of contact for this action is Andrea Walker at 202-761-0027.

R.D. JAMES
Assistant Secretary of the Army
