

US Army Corps of Engineers
BUILDING STRONG.

Model for Authorized Water Supply Storage

Applicability: is to be used for municipal and industrial water supply storage that was included as a project purpose when the project was authorized.

History:

1. Model approved 30 August 2007.
2. April 2017 Update: Revised language in Article 5.e., “Delinquent Payments”, to reflect current Department of Treasury’s regulations.
3. October 2020 Update: Revised language in Article 1.e.(1), “Sedimentation Surveys”, to clarify that the Project will continue to be regulated to reduce flooding downstream from the dam.
