MEMORANDUM FOR THE COMMANDING GENERAL, U.S. ARMY CORPS OF ENGINEERS

SUBJECT: Implementation Guidance for Section 1402(a) of the Water Resources Development Act of 2018, Special Rules, St. Paul Harbor, Alaska

1. Section 1402(a) of the Water Resources Development Act of 2018 (WRDA 2018) changes the cost-sharing responsibilities for the St. Paul Harbor, Alaska project, authorized by Section 101(b)(3) of the Water Resources Development Act of 1996, to cost-sharing substantially in accordance with the costs established by Section 105 of the Energy and Water Development Appropriations Act of 2003, Public Law 108-7. Section 1402(a) of WRDA 2018 and Section 105 of the Energy and Water Development Appropriations Act of 2003 are enclosed.
2. As provided by Section 1402(a), the Secretary will cost-share the project substantially in accordance with the costs established by Section 105 of Public Law 108-7 and the Post Authorization Change Report approved by the Assistant Secretary of the Army for Civil Works (ASA(CW)) on 22 June 2007. Based on this approved report, which addressed cost-sharing for the project in accordance with Section 105 of Public Law 108-7, the Federal share of the total General Navigation Features costs is 89.8 percent and the non-Federal interest share is 10.2 percent.
3. The existing Project Cooperation Agreement (PCA), dated 24 November 1998, will be amended by the U.S. Army Corps of Engineers (Corps) Alaska District Commander to reflect the revised cost-sharing percentages cited in the preceding paragraph. The requirement to provide the 10 percent deferred cost-share of the General Navigation Features will be deleted. The draft amended PCA will be transmitted through the Major Subordinate Command Commander and the Director of Civil Works to the ASA(CW) for review and action no later than 60 days after issuance of this implementation guidance.
4. After the PCA amendment is executed, the District Commander will conduct a revised final accounting based on the new cost-sharing responsibilities in the PCA amendment. The revised final accounting report must be completed and furnished to the non-Federal interest no later than 60 days after execution of the PCA amendment.
5. In the event the revised final accounting shows amounts were provided by or collected from the non-Federal interest in excess of its new cost-share, the District Commander, subject to the availability of funding, will refund the excess to the non-Federal interest no later than 90 days after the revised final accounting is completed.
