2. Provide the name of the primary sponsor and all non-Federal interests that have contributed or are expected to contribute toward the non-Federal share of the proposed feasibility study or modification.

Sponsor	Letter of Support
Levee District No. 3 of Mississippi Co, MO(Primary)	Attached

3. State if this proposal is for new feasibility study authority, a modification to an existing feasibility study authority, a modification to an existing USACE project authority, or a modification to an existing USACE Environmental Infrastructure Program authority. If it is a proposal for a modification to an existing study, project or program authority, provide the authorized water resources development feasibility study or project name.

[x] Modification to a USACE Project Authority : Mississippi River and Tributaries Project

4. Clearly articulate the specific project purpose(s) of the proposed study or modification. Demonstrate that the proposal is related to USACE mission and authorities and specifically address why additional or new authorization is needed.

Contact information for the individual_agency submitting the proposal: Levee District No, 3 of Mississippi County, MO President: Ed Marshall IIIemail: ecm111@earthlink.netphone: (573) 233-5800 Study project _ location: P. Fields Pump Station east of Wyatt, MO, map included. The name of the non-Federal interest planning to act as the sponsor: Levee District No. 3 of Mississippi County, MO Letter from sponsor included Modification to a USACE water resources project authority Modification of “An Act for the control of floods on the Mississippi River and its tributaries, and for other purposes”, approved May 15, 1928 (45 Stat. 534-539). Rehab P. Fields pump station, which carries seepage and surface water from Birds Point New Madrid Floodway into the Mississippi River. This pump station also plays an integral role of removing flood waters after activation of the floodway.

5. To the extent practicable, provide an estimate of the total cost, and the Federal and non-Federal share of those costs, of the proposed study and, separately, an estimate of the cost of construction or modification.

	Federal	Non-Federal	Total
Study	\$0	\$0	\$0
Construction	\$900,000	\$0	\$900,000

Explanation (if necessary)

Rehab approximately ~\$900,000 needed

6. To the extent practicable, describe the anticipated monetary and nonmonetary benefits of the proposal including benefits to the protection of human life and property; improvement to transportation; the national economy; the environment; or the national security interests of the United States.

P. Fields pump station is responsible for protecting millions of dollars in real estate and dozens of Missouri families that reside in the drainage area.

7. Does local support exist? If 'Yes', describe the local support for the proposal.

Yes

Local Support Description

Unanimous support throughout the area

8. Does the primary sponsor named in (2.) above have the financial ability to provide for the required cost share?

No

Dear Corps of Engineers:

Levee District No. 3 of Mississippi County, MO, fully endorses adding P. Fields pumping station into an authorized project so that much needed rehabilitation can be performed. Please feel free to contact me or Andrew Smothers (Andrew.n.smothers@usace.army.mil) with any questions.

Very Respectfully,

Ed Marshall III
