MEMORANDUM FOR Commanders, Major Subordinate Commands

1. Section 2010 of WRDA 2007 amends Section 729 of the Water Resources Development Act of 1986 (33 U.S.C. 2267a), to include the following river basins and watersheds: Tuscarawas River Basin, Ohio; Sauk River Basin, Snohomish and Skagit Counties, Washington; Niagara River Basin, New York; Genesee River Basin, New York; and White River Basin, Arkansas and Missouri. Section 2010 also modifies the non-federal cost sharing for assessments carried out under Section 729 of WRDA 1986 on or after 11 December 2000 from 50 percent to 25 percent, and deletes the appropriation authorization limit of $15 million. A copy of the law is at enclosure one.

3. Agreements executed for Section 729 assessments after 8 November 2007 shall reflect the cost-sharing of 75% Federal/25% non-Federal as provided in Section 2010 of WRDA 2007. The non-Federal sponsor may provide its entire share through in-kind contributions. Agreements for Section 729 assessments shall follow the format of the model Feasibility Cost Sharing Agreement. Because the model FCSA agreement was not specifically developed for Section 729 assessments, submit these agreements through the MSC to HQUSACE for review and final approval by the Assistant Secretary of the Army (Civil Works).

4. For those agreements for Section 729 assessments that were executed on or after 11 December 2000, amend the agreement to change the cost-sharing requirement from 50% non-Federal to 25% non-Federal. Responsibility for the review and approval of these amendments is delegated to the MSC Commander and cannot be delegated further. If the final accounting for the assessment based on the amended cost-sharing shows that the cash contribution provided by the non-Federal Sponsor exceeds the non-Federal Sponsor’s total required cost share, the Government will refund the excess cash amount to the non-Federal Sponsor, subject to the availability of funds. If funds are not available

to refund any cash contribution in excess of the non-Federal share, the District shall seek appropriations following the normal civil works budget process. The non-Federal Sponsor shall not be entitled to any reimbursement for the value of in-kind contributions that exceed the non-Federal cost share.
