CECW-PB

MEMORANDUM FOR COMMANDER, South Pacific Division (CESPD-DE)

SUBJECT: Implementation Guidance for Section 3117 of the Water Resources Development Act of 2007 (WRDA 2007) – Cooperative Agreements, New Mexico

1. Section 3117 of WRDA 2007 provides that the Secretary may enter into cooperative agreements with any Indian Tribe whose land is located in the State of New Mexico and occupied by a flood control project owned and operated by the Corps of Engineers to assist in carrying out any operation or maintenance (O&M) activity associated with the flood control project. A copy of Section 3117 is enclosed.
2. At the discretion of the District Commander, the Albuquerque District may evaluate its O&M programs to identify activities that might benefit from such assistance. Once such activities are identified, the District shall utilize the following procedure for executing cooperative agreements (CAs) under Section 3117:
 - a. The District will formulate an overarching draft Memorandum of Agreement (MOA) with each Tribe to set forth the proposed government-to-government relationship with the Tribe. The draft MOA will provide for subsidiary CAs to be executed with the Tribe to carry out specific activities. The draft MOA will also cover such matters as payment of funds and dispute resolution. The draft MOA shall be forwarded for MSC review and then transmitted to the SPD RIT, with MSC recommendations, for review by HQUSACE (CECW-P, CEPR and CECC) and approval by CECW-ZA. The approved MOA will be transmitted to the District for execution.
 - b. The District will subsequently negotiate the CAs, to include a Scope of Work for each CA, for the needed assistance. The District shall follow the Department of Defense Grant and Agreement Regulations, 3210.6-R Parts 21-22 (DGARS); Cost Principles for State, Local, and Indian Tribal Governments (formerly OMB Circular A-87), 2 CFR Part 225; and Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments, 32 CFR Part 33. The District shall have procedures in place to accomplish the evaluation of the annual performance reports required by 33 CFR 33.40.
 - c. The required CA format is enclosed with this guidance. Each such CA, with all attachments, shall be certified by SPA-OC for legal adequacy, forwarded for MSC review, and then transmitted to the SPD RIT, with MSC recommendations, for review by HQUSACE (CEPR and CECC), and approval by the Chief, SPD RIT. A Grants Officer with the appropriate warrant is authorized to execute each CA after its approval.

CECW-PB

SUBJECT: Implementation Guidance for Section 3117 of the Water Resources Development Act of 2007 (WRDA 2007) – Cooperative Agreements, New Mexico

3. The covered O&M activities are subject to normal budget policy and fiscal law requirements.
