MEMORANDUM FOR Commander, North Atlantic Division, ATTN: CENAD-ET
Commander, South Pacific Division, ATTN: CESPD-ET
(Copy to Each)

SUBJECT: Implementation of Section 504 of the Water Resources Development Act of 1999
(WRDA99)

1. Section 504 of WRDA99, authorizes the Secretary to provide assistance to enhance dam safety at Healdsburg Veteran's Memorial Dam, California; Kehly Run Dam, Pennsylvania; and Sweet Arrow Lake Dam, Pennsylvania. Section 504, also, authorizes appropriations to carry out this work in the amount of \$6,000,000.
2. Since the dams listed in section 504 are non-Federal dams, no work should be accomplished under section 504 until such time as Congress appropriates funds for such work. Federal funding will be limited by the amount appropriated for such work. All costs above the amount appropriated by Congress for such work will be a non-Federal cost. Before any technical assistance can be provided, a draft agreement must be submitted to HQUSACE, ATTN: CECW-AR, for review and approval. Upon approval of the agreement, an abbreviated Dam Safety Assurance Program evaluation report shall be submitted. The basis for this report is the official state agency dam safety inspection report identifying the safety deficiency at the dam. A copy of the state report shall be part of the evaluation report.
3. The Headquarters Dam Safety Committee point of contact for Section 504 is Mr. Charles Pearre. He can be reached at (202) 761-4531.

FOR THE COMMANDER:

for Donald R. Dossler
DWIGHT A. BERANEK, P.E.
Chief, Engineering and Construction Division
Office of Deputy Commanding General
for Civil Works
