Welcome to the Halligan Water Supply Project DEIS Public Hearing

• The Army Corps of Engineers Needs to Hear from You.

• Fort Collins proposes to enlarge the Halligan Reservoir to meet their future demands.

• The Draft Environmental Impact Statement Volumes present the analysis of the Fort Collins Proposed Action and three Alternatives.

• Tonight we provide you an overview of the analysis and an opportunity to express your thoughts about the project, alternatives, analysis and mitigation.

• The Army Corps of Engineers will receive written comments on the Draft Environmental Impact Statement until January 26, 2020.
