Lake Texoma

Shoreline Management Plan Revision

Public Information Meeting

30 day comment period 29 January through 29 February 2020

The U.S. Army Corps of Engineers is in the process of revising the Lake Texoma Shoreline Management Plan. The purpose of the Shoreline Management Plan revision is to establish policies and provide guidelines for managing the shoreline (lakeshore) of Lake Texoma, Texas and Oklahoma for (1) the protection of desirable environmental characteristics and (2) the restoration of shorelines where degradation has occurred. Public input is especially needed regarding all aspects of the shoreline management plan, which must be complimentary with the 2017 Lake Texoma Master Plan.

To add your comments, ideas, or concerns about the future shoreline management for Lake Texoma, comments can be submitted using any of the following methods:

- fill out and return a comment form available at:
<https://www.swt.usace.army.mil/Missions/Recreation/Shoreline-Management-Plans/>
- provide comments in an email message or use comment form and send to:
joe.custer@usace.army.mil
- provide comments in a letter or use comment form and mail to:

Joe Custer
Manager, Lake Texoma
351 Corps Road
Denison, TX 75020-6425
Phone: 903-465-4990

The Lake Texoma Shoreline Management Plan Revision public meeting presentation, shoreline allocation maps, and 1996 Shoreline Management Plan are available for download at:
