

Dear Mr. Donahue, December 12, 2016

Please accept this as my official public comment on the Kansas River Commercial Dredging public notice issued October 21, 2016. I also request a public hearing on this matter.

I strongly urge the USACE to deny all nine permits submitted by the six companies and end all in-river sand and gravel dredging on the Kansas River.

Dredging on the Kansas River has significantly damaged the riverbed, banks, habitat in and along the river, as well as water quality. The river is a drinking water source for over 800,000 Kansans!

Sincerely,  
Name, Address and Phone:

(Joe Blackford)

OTTAWA, KS 66067*

Dear Mr. Donahue, December 12, 2016

Please accept this as my official public comment on the Kansas River Commercial Dredging public notice issued October 21, 2016. I also request a public hearing on this matter.

I strongly urge the USACE to deny all nine permits submitted by the six companies and end all in-river sand and gravel dredging on the Kansas River.

Dredging on the Kansas River has significantly damaged the riverbed, banks, habitat in and along the river, as well as water quality. The river is a drinking water source for over 800,000 Kansans!

Sincerely,  
Name, Address and Phone:

*BRUCE and SILKE Johannig*

Dear Mr. Donahue, December 12, 2016

Please accept this as my official public comment on the Kansas River Commercial Dredging public notice issued October 21, 2016. I also request a public hearing on this matter.

I strongly urge the USACE to deny all nine permits submitted by the six companies and end all in-river sand and gravel dredging on the Kansas River.

Dredging on the Kansas River has significantly damaged the riverbed, banks, habitat in and along the river, as well as water quality. The river is a drinking water source for over 800,000 Kansans!

Sincerely,  
Name, Address and Phone: 913-406-8661

Please accept this as my official public comment on the Kansas River Commercial Dredging public notice issued October 21, 2016. I also request a public hearing on this matter.

I strongly urge the USACE to deny all nine permits submitted by the six companies and end all in-river sand and gravel dredging on the Kansas River.

Dredging on the Kansas River has significantly damaged the riverbed, banks, habitat in and along the river, as well as water quality. The river is a drinking water source for over 800,000 Kansans!

Sincerely,  
Name, Address and Phone:

Dear Mr. Donahue, December 12, 2016

Please accept this as my official public comment on the Kansas River Commercial Dredging public notice issued October 21, 2016. I also request a public hearing on this matter.

I strongly urge the USACE to deny all nine permits submitted by the six companies and end all in-river sand and gravel dredging on the Kansas River.

Dredging on the Kansas River has significantly damaged the riverbed, banks, habitat in and along the river, as well as water quality. The river is a drinking water source for over 800,000 Kansans!

Sincerely,  
Name, Address and Phone:
