Proposed Remedial Action for Tongue Point Project, Former Tongue Point Naval Air Station, Astoria, Oregon

The U.S. Army Corps of Engineers (USACE), in collaboration with the Oregon Department of Environmental Quality (ODEQ), announces the availability for public review, and opening of a public comment period, for the Proposed Plan for the former Incinerator Building, Former Fire Training Area, and three aquatic areas at the Tongue Point Project. The Tongue Point Project is located at the former Tongue Point Naval Air Station, a rural area on the tidelands near the mouth of the Columbia River (Cathlamet Bay) adjacent to Old Highway 30, approximately 3 miles east of Astoria, Oregon. There is no unacceptable threat to human health or the environment from releases of hazardous substances associated with past Department of Defense activities in the listed project areas, as summarized in the Proposed Plan. The USACE proposes no cleanup action is necessary to ensure protection of human health and the environment but may modify the plan after reviewing and considering all information submitted during the public comment period.

PUBLIC COMMENT PERIOD

The public comment period begins on June 1, 2016 and ends on July 8, 2016. Public comments must be submitted in writing and postmarked or e-mailed no later than July 8, 2016.
